IV. DISCUSSION AND DIRECTION ON THE CITY’S PROPOSED FY 2020 BUDGET

Karen Glynn, City Administrator, presented a PowerPoint presentation on the 2020 Proposed Budget and the updated 10 Year Financial and Infrastructure Management Model.

Assumptions included:

General Fund/Debt Service Fund

A flat tax rate of \$ 0.277 was presented with a cap on maintenance and operation expenses of 4%. A 3.99% increase in property value was used based on the preliminary tax roll report from Harris County.

The 2020 Budget for revenues and updated 10 year model included the 3.99 % increase for the 2019 tax year. (The model had included a 5.5% increase in 2020 on property tax revenues and a 4.0 % increase in the out years anticipating possible legislative mandates during the 2019 Legislative Session.) In addition, the Debt Service Fund presented included an increase in the drawdown of the Debt Service Fund Balance. The fund balance draw down was increased to \$124,000 since the fund ended higher than expected in 2018.

The General Fund included increases as proposed by the Memorial Villages Police Department and Village Fire Department. The Police “Other Fund” was used to balance the budget to the 4 % overall M&O cap. The increase to MVPD for in car and body cameras was included in the M&O and offset by revenue from the 2018 MVPD savings.

A merit pool for City Employees is recommended at 4%. There were other limited adjustments proposed including decreases to health insurance and TMRS.

Utility Fund

The Budget included a 7% proposed increase for Utility Rates at all levels. The City’s base rate has reached the 33% overall to help stabilize the fund. The M&O cap overall was 4% including a 5% merit increase. The increase is in accordance with the model projections to fund needed well repairs and utility lines. There were other limited adjustments proposed including decreases to health insurance and TMRS.

Capital Projects

Ms. Glynn then discussed the details on the capital projects proposed for 2019 and projected through 2030. This included plans for drilling a new well to replace well #2 which is currently out of service. Discussion also included a ten-year plan to replace or rehab two additional wells. The Council agreed that the best approach for funding the water well #2 project would be revenue bonds. This would allow the City to continue with rehabilitation of water and wastewater lines.

Mayor Lord also recommended adding a new project in the General Fund to partner with the City of Piney Point. In discussion with Piney Point’s Mayor Mark Kobelan, Piney Point would move up their landscaping project on Memorial/Briar Forest if Bunker Hill would partner on the cost of installation. Piney Point will handle all maintenance. It was the Council consensus to fund \$60,000 for this project. Ms. Glynn indicated this could be achieved by balancing the fund

allocated for Drainage since the City will be focusing on local projects versus the larger, regional projects over the next few years.

The Mayor and Council provided the following direction regarding the 2020 Budget:

- Maintain the current tax rate of \$0.277/100 valuation
- Proceed with the 7% increase in utility rates
- Fund the joint project with the City of Piney Point

Ms. Glynn concluded that staff would finalize the budget based on this direction and the final tax roll received by Harris County. Staff plans to file the budget at the August 20, 2019 City Council Meeting.
