

REQUEST FOR QUALIFICATIONS (RFQ)

The Cities of Bunker Hill Village, Piney Point Village and Hunters Creek Village, are seeking a qualified vendor to assist in identifying the most efficient and effective technology to prevent or reduce crime throughout the three Cities area using a "Smart Cities" VGI which should include license plate recognition, video capture, and other applications. The proposed request should plan for the design of an area-wide system with a phased implementation strategy. The scope of work consists of a Preliminary Engineering Report which includes but is not limited to an outline of goals, objectives, policies, a jurisdictional framework, costs and phasing opportunities for an integrated technology and security network for the MVPD jurisdictional area as a whole with phasing opportunities for full implementation. The project is expected to be initiated in the first quarter of 2017. A copy of the RFQ can be obtained from any of the three cities' websites: Bunker Hill – bunkerhilltx.gov, Piney Point – cityofpineypoint.com, or Hunters Creek - cityofhunterscreek.com.

Submission deadline for the RFQ is 10 a.m. November 14, 2016.
